PROFILE

As an aspiring back-end developer and current BSc Computer Science student at the University of London, I bring a unique combination of technical knowledge, leadership, and customer-centric experience to every project. My role as a Sales Manager at Tesco Mobile has refined my ability to thrive under pressure, foster collaboration, and build meaningful connections—all skills I aim to apply in the tech industry. With ambitions to pursue a Master's in Software Engineering and a dedication to continuous learning in coding standards and AI technologies, I am committed to creating impactful, scalable solutions that bridge innovation and user needs.

WORK EXPERIENCE

Sales Manager
2024 - PRESENT

Tesco Mobile, Telecommunications Network

- **Management** experience in 3 different Greater London phone shops in teams of up to 6.
